

Information Literacy Program (Spring-2021)

The East West University Library has been playing a pivotal role in the advancement of teaching, research as well as to achieve excellence in higher education since the beginning of its journey. Information Literacy is a combination of knowledge and skills essential to participate in our information-rich society. Information is complex and information resources are many and varied. Without instruction, obtaining desired information can be arduous and time-consuming. The main objective of this program is to develop essential skills for working in the information society.

Objectives of this program:

- To understand the importance of information literacy in their studies, work, and everyday life; the power of information; and the role of libraries and information services in our community.
- To articulate and focus the information needs.
- To understand the structure and form of recorded information.
- To select and evaluate appropriate information-finding tools.
- To evaluate and analyze the information content of a variety of sources.

Content Covered:

- The Concept of Information Literacy
- Information Literacy skills for accessing, using, evaluating of information and its sources.
- Introduction to EWU Library
- Library Rules and Guides
- Library Sections and Services
- EWU Digital Library
- Institutional Repositories
- Instant Reference Services
- E-resources (Online Journals and E-books)
- Mendeley, Zotero, Cite This For Me, RefME (Reference Manager for citation style)
- My Athens (Off campus facilities)

It is mandatory for all students who want to explore EWU library resources and services.
